

# Enhance Your Research with Our High-Quality APOE Recombinant Protein

We are Creative BioMart, a leading global provider of high-quality proteins for research and development in the field of life sciences. We are pleased to introduce our new cutting-edge product, the APOE recombinant protein, a wonderful tool in our portfolio tailored to assist you in your biomedical research.

Our APOE recombinant protein exhibits unparalleled advantage in terms of purity, stability, and bioactivity. It is meticulously produced using HEK293 expression system and has undergone post-translational modification to ensure maximum activity. This quality makes it ideal for use in various applications, ranging from molecular biology, protein chemistry, and immune-oncology studies to neurodegenerative research.

You are guaranteed top-tier quality and supply reliability. We adopt state-of-the-art technology to ensure:

- Consistent high-quality production
- High-level purification processes
- Reducing the chance of product variability and batch differences.

Our efficient supply chain ensures we can meet any volume of order while preserving product integrity, making us capable of supplying consistent, reliable, and high-quality APOE recombinant protein for all types of research.

Recombinant proteins like APOE are integral tools in the study of protein structure and function, drug design, and vaccine development. They are vital in generating antibodies for research and therapeutics and play key roles in the field of personalized medicine. Our APOE protein is great for fundamental disease research, paving the way for advancements in Alzheimer's disease study and other associated disorders.

## Featured Product

Cat. No.	Identity	Species	Source	Tag	Length	Price

<b>APOE-17H</b>	APOE	Human	HEK293	His	Lys19-His317	\$98.00 / 10ug \$198.00 / 25ug \$498.00 / 50ug
-----------------	------	-------	--------	-----	--------------	--

Should you have any inquiries or require further information, please feel free to get in touch with our supportive and knowledgeable customer service team, and we will be glad to assist you.
