

# High Quality FGF2 Protein for Your Research - 20% Off

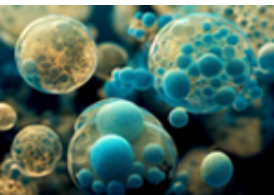

Unlock the potentials of your research with the powerful FGF2 protein, a potent multifunctional growth factor with wide-ranging applications. Packed with phenomenal benefits, proposals that use FGF2 protein can take your research or product development to an entirely new level.

FGF2 is a crucial regulator of cell survival, division, differentiation and migration, angiogenesis, and the expression of essential enzymes and hormones.

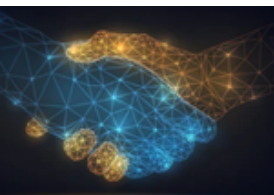

## What Creative BioMart offers you?

We specialize in producing superior quality recombinant FGF2 proteins, offering high purity, batch-to-batch consistency and reliability that naturally derived proteins may lack.

Our recombinant FGF2 protein stands out in the market with its high stability, excellent biological activity, and efficient expression levels.

In addition, our recombinant FGF2 protein comes with a clean, endotoxin-free profile, making it especially beneficial for cell culture and medical applications.

Creative BioMart is more than just a provider of quality recombinant FGF2 protein - we are your in progress. With our unparalleled customer service and technical support, we ensure a smooth process from order to delivery, providing you essential guidance every step of the way.

## Our Featured Products

Cat.No.	Product Name	Species	Source
FGF2-13H	<a href="#">Active Recombinant Human FGF2 Protein, Biotinylated</a>	Human	E.coli
FGF2-11H	<a href="#">Recombinant Human Fibroblast Growth Factor-basic</a>	Human	E.coli
FGF2-482H	<a href="#">Recombinant Human FGF2, None tagged</a>	Human	E.coli
FGF2-001H	<a href="#">Recombinant Human FGF2 Protein, His-tagged</a>	Human	E.coli
FGF2-18H	<a href="#">Active Recombinant Human FGF2 Protein (143-288aa), Non-tagged</a>	Human	E.coli
FGF2-4387R	<a href="#">Recombinant Rabbit FGF2 Protein</a>	Rabbit	Yeast
GF2-4381B	<a href="#">Recombinant Bovine FGF2 Protein</a>	Bovine	Yeast

Choose the best, choose us – because your research deserves the finest!
