

Illuminate Your Research with our Recombinant Fire Fly Luciferase

We're excited to introduce our premium quality Recombinant Fire Fly Luciferase. Specially crafted to provide a high level of potency and purity, it illuminates your experiments with precision.

This luminescent protein enzyme, playing a pivotal role in fireflies' glow, has been meticulously produced in our laboratories. Our recombinant variant promises top esteemed performance in a host of applications including:

- Cell-Based Assays
- Gene Expression Studies
- Luminescent Reporting
- Drug Discovery and Development

Advantages of Our Firefly Luciferase:

- **ENDURING BRIGHTNESS:** Enjoy a sustained, high-intensity luminescence ideal for long-term studies.
- **ENHANCED STABILITY:** Our formulation offers greater stability, ensuring consistent results experiment after experiment.
- **VAST SENSITIVITY:** Detect your target even at low concentrations, providing high assay sensitivity.

Why Choose Creative BioMart's Supply?

- **QUALITY ASSURED:** We adhere to rigorous quality control processes to deliver reliable, high-grade products. Our Firefly Luciferase is no exception.
- **CUSTOMER FIRST:** Our team of professionals is dedicated to providing unwavering support. Whether it's pre-purchase queries or post-purchase assistance, we're always here for you.
- **FAST DELIVERY:** We understand the time sensitivity of research and thus strive for swift order processing and fast delivery.
- **COMPETITIVE PRICING:** We believe in offering value-packed solutions to our customers.

Step ahead in your research capabilities with our Recombinant Fire Fly Luciferase, bringing quality, reliability and performance in one illuminating package.

Featured Product

Cat. No.	Product Name	Source	Species	Price
Luciferase-08F	Recombinant Fire fly Luciferase	E.coli	Firefly	\$108.00 / 1mg
				\$208.00 / 2mg
				\$448.00 / 5mg
