

Creative BioMart's Collection of Transmembrane Protein Products

Creative BioMart presents a remarkable collection of Transmembrane Protein products from its exhaustive product range.

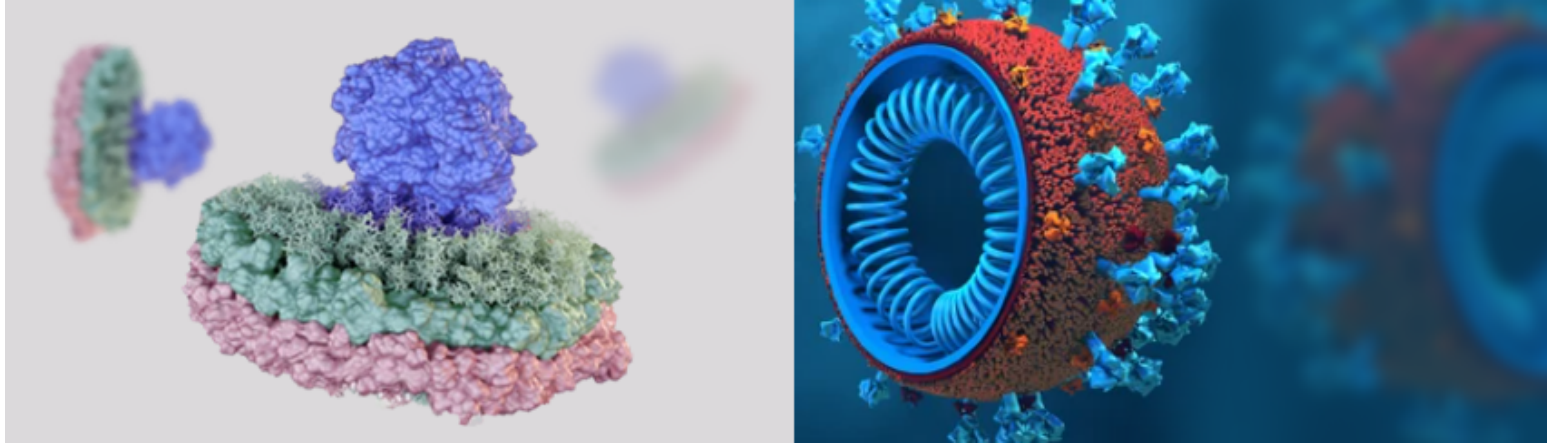

Transmembrane Proteins: Vital Aspects of Biological Systems

We understand the overshadowing significance of transmembrane proteins, which function as gateways to cells, controlling the entry and exit of numerous substances. Our high-quality Transmembrane Protein products facilitate the exploration, manipulation, and comprehension of these proteins' pivotal roles.

Comprehensive Array of Options: Serving Diverse Research Needs

Our robust catalog of Transmembrane Protein products offers close to 600 options for researchers and scientists to choose from. Each product from this diverse range stands up to the highest standard of quality and reliability, ensuring unparalleled performance in research application. These products include full-length membrane proteins packaged in Virus-Like Particles (VLPs) and Nanodiscs, providing a superior mechanism to study protein functionality.

Customizable Solutions: Tailor-Made for Your Unique Requirements

We understand that research ventures often entail unique needs, not always catered to by off-the-shelf products. At Creative BioMart, we believe in personalizing our offerings as per your research requirements. If you don't locate the product you need within our list, you can reach out to us for a customized solution. We harness our technical prowess and comprehensive knowledge about transmembrane proteins to create tailor-made offerings that cater specifically to your research objectives.

Featured Product

Cat. No.	Product Name	Source	Species	Tag
KCNE2-240H	Recombinant Human KCNE2 Full Length Transmembrane protein, His-tagged	In vitro E. coli expression system	Human	His
MS4A1-6578D	Active Recombinant Dog MS4A1 Full Length Transmembrane protein, His-tagged(VLPs)	HEK293	Dog	His
CCR4-273H	Active Recombinant Human CCR4 Full Length Transmembrane protein (1-360 aa), His-tagged(VLPs)	HEK293	Human	His
CCR8-485H	Active Recombinant Human CCR8 Full Length Transmembrane protein, His-tagged(VLPs)	HEK293	Human	His
CLDN6-8654H	Active Recombinant Human CLDN6 Full Length Transmembrane protein(VLPs)	HEK293	Human	N/A
CLDN6-8614H	Active Recombinant Human CLDN6 Full Length Transmembrane protein(VLPs), Biotinylated	HEK293	Human	N/A
CLDN9-12H	Active Recombinant Human CLDN9 Full Length Full Length Transmembrane protein, His-tagged(VLPs)	HEK293	Human	His
CLDN9-3827H	Active Recombinant Human CLDN9 Full Length Transmembrane protein(Nanodisc)	HEK293	Human	N/A
CLDN9-387H	Active Recombinant Human CLDN9 Full Length Transmembrane protein(VLPs)	HEK293	Human	N/A

CLPTM1-583H

[Active Recombinant Human CLPTM1 Full Length
Transmembrane protein\(Nanodisc\)](#)

HEK293

Human

N/A
