 **Navigate the Complex World of Immune Response and Inflammation – Powered by Precision, Delivered by Excellence.**

At Creative BioMart, we specialize in providing high-quality chemokine proteins that drive breakthrough discoveries in immunology, cancer research, and beyond. Our comprehensive catalog spans **CC, CXC, CX3C, and XC subfamilies**—each meticulously produced to ensure **bioactivity, purity ≥95%, and batch-to-batch consistency**.

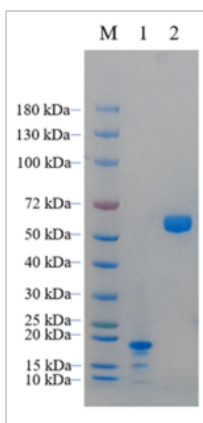

Whether you're mapping inflammatory pathways, developing targeted therapies, or exploring cell migration mechanisms, our **recombinant chemokines** deliver the reliability your research demands. From **CCL2 to CXCL12**, every protein is validated through **SDS-PAGE, HPLC, and functional assays**, ensuring optimal performance in **cell-based assays, ELISA, and receptor binding studies**.

 **Trusted Globally. Designed for Discovery.**

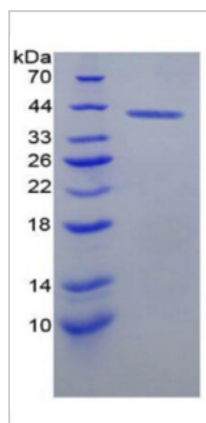

Join thousands of researchers who rely on Creative BioMart's **customizable formulations, animal-free options**, and **bulk quantities** to accelerate their science—without compromise.
