

# Active Native Rabbit Glycerol-3-phosphate Dehydrogenase

Cat. No. GPDH-119R Lot. No. (See product label)

## SPECIFICATION

<b>Product Overview</b>	Native Rabbit Glycerol-3-phosphate Dehydrogenase was purified from Rabbit Skeletal Muscle. CAS Number: 9075-65-4
<b>Species</b>	Rabbit
<b>Source</b>	Rabbit Skeletal Muscle
<b>Description</b>	Glycerol-3-phosphate dehydrogenase serves as a major link between carbohydrate metabolism and lipid metabolism and is a major contributor of electrons to the electron transport chain in the mitochondria.
<b>Form</b>	White powder. Lyophilized from sodium phosphate. pH: 6.2
<b>Bio-activity</b>	>100 units/mg protein
<b>Concentration</b>	>0.25 mg protein/mg
