

# Recombinant H1N1 (H1N1/A/New Caledonia/20/99) HA ( $\Delta$ TM) Protein, His-tagged

Cat. No. HA-1872H Lot. No. (See product label)

## SPECIFICATION

|                         |                                                                                                                                   |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | C-terminal 6xHis tagged HA( $\Delta$ TM) (H1N1/A/New Caledonia/20/99)(a.a.18-530)(Genebank No. AAP34324) was expressed in HEK293. |
| <b>Species</b>          | H1N1                                                                                                                              |
| <b>Source</b>           | HEK293                                                                                                                            |
| <b>ProteinLength</b>    | 18-530 a.a.                                                                                                                       |
| <b>Form</b>             | PBS, pH 7.4.                                                                                                                      |
| <b>Purity</b>           | >95%                                                                                                                              |
| <b>Applications</b>     | WB standard, antibody ELISA, immunogen                                                                                            |
| <b>Storage</b>          | Store at -80 centigrade, Avoid freeze / thaw cycle.                                                                               |
| <b>Concentration</b>    | 1mg/mL                                                                                                                            |
