

## Active Native Horseradish peroxidase

Cat. No. HPR-013H Lot. No. (See product label)

### SPECIFICATION

<b>Product Overview</b>	Active Native Horseradish HPR Protein
<b>Species</b>	Horseradish
<b>Description</b>	Horseradish peroxidase (HRP), a glycoprotein enzyme isolated from horseradish roots, and its applications in immunochemistry and other fields.
<b>Form</b>	Reddish-brown amorphous powder
<b>Bio-activity</b>	≥ 110 U/mg material
<b>Notes</b>	This product is for research and manufacturing use only and is not intended for diagnostic or therapeutic use.
<b>Storage</b>	At -20 centigrade: At least 3 years
<b>EC No.</b>	1.11.1.7
<b>RZ</b>	≥ 2.0

### GENE INFORMATION

<b>Official Symbol</b>	HPR
<b>Synonyms</b>	Horseradish Peroxidase; HRP
