

Recombinant Full Length Rhodopseudomonas Palustris Monofunctional Biosynthetic Peptidoglycan Transglycosylase(Mtga) Protein, His-Tagged

Cat. No. RFL34271RF Lot. No. (See product label)

SPECIFICATION

| | |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Overview | Recombinant Full Length Rhodopseudomonas palustris Monofunctional biosynthetic peptidoglycan transglycosylase(mtgA) Protein (B3QBD2) (1-236aa), fused to N-terminal His tag, was expressed in E. coli. |
| Species | Rhodopseudomonas palustris |
| Source | E.coli |
| ProteinLength | Full Length (1-236) |
| Form | Lyophilized powder |
| AA Sequence | MSDPVASAPRTRKRVVRIVILVALALLALPYLLTILYGGGQPVSTLMLWRWATGAPVSR TW IDIENISPALPRSVVAAEDAKFCSHHGIDWDSVRDVIDDMQDGEASRGGSTITQQ VAKNL FLWPGRSMIRKALEAPLALWIDFVLPKQRILEIYLNIAEWGPDGQFGAMAGA DYAFGRSA AQLSAKEAATLAAILPNPRVRSAPKAPGPGVRRRLAATYVARARAAELRQ CWRENRES |
| Purity | Greater than 90% as determined by SDS-PAGE. |
| Notes | Repeated freezing and thawing is not recommended. Store working aliquots at 4°C for up to one week. |

 45-1 Ramsey Road, Shirley, NY 11967, USA

| | |
|----------------|----------------------------------------------------------------------------------------------------------------|
| Storage | Store at -20°C/-80°C upon receipt, aliquoting is necessary for mutiple use. Avoid repeated freeze-thaw cycles. |
|----------------|----------------------------------------------------------------------------------------------------------------|

| | |
|-----------------------|---------------------------------------------|
| Storage Buffer | Tris/PBS-based buffer, 6% Trehalose, pH 8.0 |
|-----------------------|---------------------------------------------|

| | |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reconstitution | We recommend that this vial be briefly centrifuged prior to opening to bring the contents to the bottom. Please reconstitute protein in deionized sterile water to a concentration of 0.1-1.0 mg/mL. We recommend to add 5-50% of glycerol (final concentration) and aliquot for long-term storage at -20°C/-80°C. Our default final concentration of glycerol is 50%. Customers could use it as reference. |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

GENE INFORMATION

| | |
|------------------|------|
| Gene Name | mtgA |
|------------------|------|

| | |
|-----------------|------------------------------------------------------------------------------------------------------------------------------|
| Synonyms | mtgA; Rpal_0526; Biosynthetic peptidoglycan transglycosylase; Glycan polymerase; Peptidoglycan glycosyltransferase MtgA; PGT |
|-----------------|------------------------------------------------------------------------------------------------------------------------------|

| | |
|-------------------|------------------------|
| UniProt ID | B3QBD2 |
|-------------------|------------------------|
