

Equine Small Intestine Lysate, Total Protein

Cat. No. SmallIntestine-545E Lot. No. (See product label)

SPECIFICATION

Product Overview Equine Small Intestine Total protein (protein lysate) is isolated from freshly harvested tissues of single healthy normal donor. Tissues are homogenized in protein lysis buffer supplemented with a cocktail of 7 mammalian protease inhibitors to minimize proteolysis.

Species Equine

Source Equine Small Intestine

Applications Total protein is ready for immediate use in Western blotting, immunoprecipitation, SDS-PAGE, isoelectric focusing gels and SDS-capillary electrophoresis, enzymatic activity analysis, gel shifting assay, protein-protein interaction, and tissue specific expression.

Stability Stable for one year if stored properly.

Storage Stored at -80 centigrade.

Concentration 5mg/ml
