

## Equine Spleen Lysate, Total Protein

Cat. No. Spleen-546E Lot. No. (See product label)

### SPECIFICATION

**Product Overview** Equine Spleen Total protein (protein lysate) is isolated from freshly harvested tissues of single healthy normal donor. Tissues are homogenized in protein lysis buffer supplemented with a cocktail of 7 mammalian protease inhibitors to minimize proteolysis.

**Species** Equine

**Source** Equine Spleen

**Applications** Total protein is ready for immediate use in Western blotting, immunoprecipitation, SDS-PAGE, isoelectric focusing gels and SDS-capillary electrophoresis, enzymatic activity analysis, gel shifting assay, protein-protein interaction, and tissue specific expression.

**Stability** Stable for one year if stored properly.

**Storage** Stored at -80 centigrade.

**Concentration** 5mg/ml
