

## Native *S. aureus* Suspension (Wood 46 strain)

**Cat. No.** Staphylococcus aureus-01    **Lot. No.** (See product label)

### SPECIFICATION

<b>Product Overview</b>	Native Staphylococcus aureus Suspension (Wood 46 strain)
<b>Species</b>	Staphylococcus aureus
<b>Description</b>	Staphylococcus aureus Wood 46 is protein A deficient and spa negative. It shares 98% to 99% genome identity with <i>S.aureus</i> and shows a lower surface expression of cell wall-associated protein A.
<b>Form</b>	Creamy suspension
<b>Storage</b>	Store it at 2 to 8 centigrade.
<b>Storage Buffer</b>	Approx. 10% (wet weight/volume) of essentially non-viable <i>S.AUREUS</i> (Wood 46 strain) cells in 0.05 M potassium phosphate buffer, pH 7.5, containing 0.2% sodium azide.

### GENE INFORMATION

<b>Official Symbol</b>	<i>S. aureus</i>
<b>Synonyms</b>	<i>S. aureus</i> ; Staphylococcus aureus
