

## Recombinant Rhesus Monkey PTPRJ Protein, hlgG1-tagged

Cat. No. PTPRJ-1580R    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                                                         |
|------------------|-------------------------------------------------------------------------------------------------------------------------|
| Product Overview | Recombinant Rhesus monkey PTPRJ Protein (XP_011722766 ( aa.33-978)) was expressed in human HEK293 cells with hlgG1 tag. |
| Species          | Rhesus macaque                                                                                                          |
| Source           | HEK293                                                                                                                  |
| ProteinLength    | 33-978 a.a.                                                                                                             |
| Form             | PBS, pH7.4.                                                                                                             |
| Purity           | > 95 %                                                                                                                  |
| Applications     | ELISA; WB; Immunogen                                                                                                    |
| Storage          | -80 centigrade, Avoid freeze/thaw cycle.                                                                                |
| Concentration    | 1 mg/mL                                                                                                                 |

### GENE INFORMATION

|                 |                                                                                                |
|-----------------|------------------------------------------------------------------------------------------------|
| Gene Name       | PTPRJ protein tyrosine phosphatase, receptor type J [ Macaca nemestrina (pig-tailed macaque) ] |
| Official Symbol | PTPRJ                                                                                          |
