

## Recombinant Rhesus Monkey CD320 Protein

**Cat. No.** CD320-1728R    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                                                                                      |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant Rhesus monkey CD320 Protein (XP_001099884 ( aa.26-204)) was expressed in human HEK293 cells.                                             |
| <b>Species</b>          | Rhesus macaque                                                                                                                                       |
| <b>Source</b>           | HEK293                                                                                                                                               |
| <b>ProteinLength</b>    | 26-204 a.a.                                                                                                                                          |
| <b>Description</b>      | CD320 is the receptor for the cellular uptake of transcobalamin bound cobalamin, and augments the proliferation of PC precursors generated by IL-10. |
| <b>Form</b>             | PBS, pH7.4.                                                                                                                                          |
| <b>Purity</b>           | > 95 %                                                                                                                                               |
| <b>Applications</b>     | ELISA; WB; Immunogen                                                                                                                                 |
| <b>Storage</b>          | -80 centigrade, Avoid freeze/thaw cycle.                                                                                                             |
| <b>Concentration</b>    | 1 mg/mL                                                                                                                                              |

### GENE INFORMATION

|                  |                                                                |
|------------------|----------------------------------------------------------------|
| <b>Gene Name</b> | CD320 CD320 molecule [ <i>Macaca mulatta</i> (Rhesus monkey) ] |
