

## Recombinant Human BEX1 Protein, GST-tagged

**Cat. No.** BEX1-199H    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                                                                        |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human BEX1 full-length ORF ( NP_060946.3, 1 a.a. - 125 a.a.) recombinant protein with GST-tag at N-terminal.                           |
| <b>Species</b>          | Human                                                                                                                                  |
| <b>Source</b>           | Wheat Germ                                                                                                                             |
| <b>Form</b>             | 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.                                                               |
| <b>Molecular Mass</b>   | 41.3 kDa                                                                                                                               |
| <b>AA Sequence</b>      | MESKEKRAVNSLSMENANQENEEKEQVANKGEPLALPLDAGEYCVPRGNRRRRFRV<br>RQPILQYRWDMMHRLGEPQARMREENMERIGEEVRQLMEKLREKQLSHSLRAVST<br>DPPHHDHHDEFCLMP |
| <b>Notes</b>            | Best use within three months from the date of receipt of this protein.                                                                 |
| <b>Storage</b>          | Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.                                                               |
| <b>Storage Buffer</b>   | 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.                                                               |

### GENE INFORMATION

|                  |                                                   |
|------------------|---------------------------------------------------|
| <b>Gene Name</b> | BEX1 brain expressed, X-linked 1 [ Homo sapiens ] |
