

## Recombinant Human CYHR1 Protein, GST-tagged

**Cat. No.** CYHR1-2233H    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                                                                                                                                             |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human CYHR1 full-length ORF ( NP_116076.1, 1 a.a. - 192 a.a.) recombinant protein with GST-tag at N-terminal.                                                                                               |
| <b>Species</b>          | Human                                                                                                                                                                                                       |
| <b>Source</b>           | Wheat Germ                                                                                                                                                                                                  |
| <b>Description</b>      | CYHR1 (Cysteine And Histidine Rich 1) is a Protein Coding gene.                                                                                                                                             |
| <b>Molecular Mass</b>   | 46.3 kDa                                                                                                                                                                                                    |
| <b>AA Sequence</b>      | MAPKPGAEWSTALSHLVLGVSLSHAAVSTAEASRGAAAGFLLQVLAATTTLAPGLST<br>HEDCLAGAWVATVIGLPLLAFFDFHVVNGDRSSANLLGGGMVLAVAGGHLGPEGR<br>SVAGQAMLLVAVTILIVAVFTANTYGMWGGAMLGAVGLLSRLEEDRLLLLPKEDVC<br>RWALAVGSWAYCRALHTQRLQWE |
| <b>Applications</b>     | Enzyme-linked Immunoabsorbent Assay<br>Western Blot (Recombinant protein)<br>Antibody Production<br>Protein Array                                                                                           |
| <b>Notes</b>            | Best use within three months from the date of receipt of this protein.                                                                                                                                      |
| <b>Storage</b>          | Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.                                                                                                                                    |

**Storage Buffer** 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.

## GENE INFORMATION

**Gene Name** CYHR1 cysteine/histidine-rich 1 [ Homo sapiens ]

**Official Symbol** CYHR1

**Synonyms** CYHR1; cysteine/histidine-rich 1; cysteine and histidine rich 1; cysteine and histidine-rich protein 1; CHRP; KIAA0496; MGC13010; cysteine and histidine rich protein;

**Gene ID** 50626

**mRNA Refseq** NM\_001129888

**Protein Refseq** NP\_001123360

**MIM** 616635

**UniProt ID** Q6ZMK1
