

# Recombinant Human C5orf30 Protein, GST-Tagged

**Cat. No.** C5orf30-0085H    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                                                           |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human C5orf30 full-length ORF (NP_149988.1, 1 a.a. - 206 a.a.) recombinant protein with GST-tag at N-terminal.                                                                                                            |
| <b>Species</b>          | Human                                                                                                                                                                                                                     |
| <b>Source</b>           | Wheat Germ                                                                                                                                                                                                                |
| <b>Description</b>      | C5orf30 (Chromosome 5 Open Reading Frame 30) is a Protein Coding gene. Diseases associated with C5orf30 include Rheumatoid Arthritis.                                                                                     |
| <b>Molecular Mass</b>   | 49.5 kDa                                                                                                                                                                                                                  |
| <b>AA Sequence</b>      | MEVDINGESRSTLTTLPPFGAEANSPGKAEAEKPRCSSTPCSPMRRTVSGYQILHM<br>DSNYLVGFTTGEELLKLAQKCTGGEEKAEAMPSLRKQLDAGLARSSRLYKTRSR<br>YYQPYEIPAVNGRRRRRMPSSGDKCTKSLPYEPYKALHGPLPLCLLK GKRAHSKSL<br>DYLNLDKMIKEPADTEVLQYQLQHLTLRGDRVFARNNT |
| <b>Applications</b>     | Enzyme-linked Immunoabsorbent Assay<br>Western Blot (Recombinant protein)<br>Antibody Production<br>Protein Array                                                                                                         |
| <b>Notes</b>            | Best use within three months from the date of receipt of this protein.                                                                                                                                                    |
| <b>Storage</b>          | Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.                                                                                                                                                  |

 45-1 Ramsey Road, Shirley, NY 11967, USA

**Storage Buffer** 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.

## GENE INFORMATION

**Gene Name** C5orf30 chromosome 5 open reading frame 30 [ Homo sapiens (human) ]

**Official Symbol** C5orf30

**Synonyms** C5orf30; chromosome 5 open reading frame 30; UNC119-binding protein C5orf30; UPF0684 protein C5orf30; Chromosome 5 Open Reading Frame 30; UNC119-Binding Protein

**Gene ID** 90355

**mRNA Refseq** NM\_001316968

**Protein Refseq** NP\_001303897

**MIM** 616608

**UniProt ID** Q96GV9
