

# Recombinant Human CCDC36 Protein, GST-Tagged

**Cat. No.** CCDC36-0546H    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

Antibody Production  
Protein Array

**Storage** Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.

**Storage Buffer** 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.

## GENE INFORMATION

**Gene Name** CCDC36 coiled-coil domain containing 36 [ Homo sapiens ]

**Official Symbol** CCDC36

**Synonyms** CCDC36; coiled-coil domain containing 36; coiled-coil domain-containing protein 36; cancer/testis antigen 74; CT74; FLJ25320;

**Gene ID** 339834

**mRNA Refseq** NM\_001135197

**Protein Refseq** NP\_001128669

**UniProt ID** Q8IYA8
