

## Recombinant AAV-3 VP2 Protein

**Cat. No.** VP2-1800A    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant AAV-3 VP2 Protein (NC_001729) was expressed in E. coli. |
| <b>Species</b>          | AAV3                                                                |
| <b>Source</b>           | E.coli                                                              |
| <b>Form</b>             | PBS, pH 7.4.                                                        |
| <b>Purity</b>           | >95%                                                                |
| <b>Applications</b>     | WB standard, Ab ELISA, immunogen, etc.                              |
| <b>Storage</b>          | Store at -80 centigrade, Avoid freeze / thaw cycle.                 |
| <b>Concentration</b>    | 1mg/mL                                                              |

### GENE INFORMATION

|                       |                           |
