

## Recombinant MPV-2 VP2 Protein

Cat. No. VP2-1808M    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                    |
|------------------|--------------------------------------------------------------------|
| Product Overview | Recombinant MPV-2 VP2 Protein (AGI97018) was expressed in E. coli. |
| Species          | MPV2                                                               |
| Source           | E.coli                                                             |
| Form             | PBS, pH 7.4.                                                       |
| Purity           | >95%                                                               |
| Applications     | WB standard, Ab ELISA, immunogen, etc.                             |
| Storage          | Store at -80 centigrade, Avoid freeze / thaw cycle.                |
| Concentration    | 1mg/mL                                                             |
