

## Recombinant H7N9 (A/Shanghai/1/2013) RBD Protein

**Cat. No.** RBD-2009H    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                              |
|-------------------------|----------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant H7N9 (A/Shanghai/1/2013) RBD Protein (Genbank AHK10800) was expressed in HEK293. |
| <b>Species</b>          | H7N9                                                                                         |
| <b>Source</b>           | HEK293                                                                                       |
| <b>Form</b>             | PBS, pH 7.4.                                                                                 |
| <b>Purity</b>           | >95%                                                                                         |
| <b>Applications</b>     | WB standard, Antibody ELISA, immunogen                                                       |
| <b>Storage</b>          | Store at -80 centigrade, Avoid freeze / thaw cycle.                                          |
| <b>Concentration</b>    | 1mg/mL                                                                                       |

### GENE INFORMATION

|                       |                          |
