

## Recombinant Rat Ccl20 Protein

**Cat. No.** Ccl20-2888R    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                 |
|-------------------------|-----------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant Rat Ccl20 protein, was expressed in E. coli.        |
| <b>Species</b>          | Rat                                                             |
| <b>Source</b>           | E.coli                                                          |
| <b>Form</b>             | 1 x PBS                                                         |
| <b>Molecular Mass</b>   | 8.2 kD                                                          |
| <b>Purity</b>           | >95%, as determined by Coomassie stained SDS-PAGE.              |
| <b>Concentration</b>    | Protein formulated and vialled at >50 ug/mL in specified buffer |

### GENE INFORMATION

|                        |                                                             |
|------------------------|-------------------------------------------------------------|
| <b>Gene Name</b>       | Ccl20 chemokine (C-C motif) ligand 20 [ Rattus norvegicus ] |
| <b>Official Symbol</b> | Ccl20                                                       |
| <b>Synonyms</b>        | Scya20; ST38                                                |
| <b>Gene ID</b>         | 29538                                                       |
| <b>mRNA Refseq</b>     | NM_019233                                                   |
