

# Recombinant Human LOC541473 Protein, GST-tagged

**Cat. No.** LOC541473-4193H    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                            |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human FKBP6 full-length ORF ( NP_001013770.1, 1 a.a. - 131 a.a.) recombinant protein with GST-tag at N-terminal.                           |
| <b>Species</b>          | Human                                                                                                                                      |
| <b>Source</b>           | Wheat Germ                                                                                                                                 |
| <b>Description</b>      | LOC541473 (FK506 Binding Protein 6, 36kDa Pseudogene) is a Pseudogene.                                                                     |
| <b>Molecular Mass</b>   | 40.9 kDa                                                                                                                                   |
| <b>AA Sequence</b>      | MGGSALNQGVLGDDAPGQSLYERLSQRMLDISGDRGVLKDVIREGAGDLVAPDA<br>SVLVKYYGYLEHLDRPFDSNYFRKTPRLMKLGEDITLWGMELGLLSMQRGELARCF<br>VLGKLLDSQGPSLHLYLRAS |
| <b>Applications</b>     | Enzyme-linked Immunoabsorbent Assay<br>Western Blot (Recombinant protein)<br>Antibody Production<br>Protein Array                          |
| <b>Notes</b>            | Best use within three months from the date of receipt of this protein.                                                                     |
| <b>Storage</b>          | Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.                                                                   |
| <b>Storage Buffer</b>   | 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.                                                                   |

## GENE INFORMATION

**Gene Name** LOC541473 FK506 binding protein 6, 36kDa pseudogene [ Homo sapiens (human) ]

**Official Symbol** LOC541473

**Synonyms** LOC541473; FK506 binding protein 6, 36kDa pseudogene; MGC88170; FK506 Binding Protein 6, 36kDa Pseudogene 3; AC006014.8

**Gene ID** 541473

**Quality Control  
Testing**

12.5% SDS-PAGE Stained with Coomassie Blue.
