

Recombinant Human FGGY Protein, GST-tagged

Cat. No. FGGY-4228H **Lot. No.** (See product label)

SPECIFICATION

Product Overview	Human FLJ10986 full-length ORF (NP_060761.2, 1 a.a. - 439 a.a.) recombinant protein with GST-tag at N-terminal.
Species	Human
Source	Wheat Germ
Description	This gene encodes a protein that phosphorylates carbohydrates such as ribulose, ribitol, and L-arabinitol. Genome-wide association studies in some populations have found an association between polymorphisms in this gene and sporadic amyotrophic lateral sclerosis, but studies of other populations have not been able to replicate this association. Alternative splicing results in multiple transcript variants. [provided by RefSeq, May 2013]
