

## Recombinant Human FLJ37201 Protein, GST-tagged

**Cat. No.** FLJ37201-4323H    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                                                                                                                                                     |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human FLJ37201 full-length ORF ( AAH43217.1, 1 a.a. - 199 a.a.) recombinant protein with GST-tag at N-terminal.                                                                                                     |
| <b>Species</b>          | Human                                                                                                                                                                                                               |
| <b>Source</b>           | Wheat Germ                                                                                                                                                                                                          |
| <b>Description</b>      | FLJ37201 (Tigger Transposable Element Derived 2 Pseudogene) is a Pseudogene.                                                                                                                                        |
| <b>Molecular Mass</b>   | 49.1 kDa                                                                                                                                                                                                            |
| <b>AA Sequence</b>      | MKNRKTLHRAKNEDLDPVLIEWVRQQRSKDTPLTGLLVVKQARIYHEELNFEGECEY<br>SGGWLQKFKKCLGIKYLQICCEKASPDDEATENYIDFAKVISDENLSPEQIYSADET<br>ALYWCYVPRKTLTMANKRATTDVKDTKQKLTVLECANAAAGTHKIKLAVIGNSLYPRC<br>LKGVHNLPVHCYAHKKASVTGNLFQLV |
| <b>Applications</b>     | Enzyme-linked Immunoabsorbent Assay<br>Western Blot (Recombinant protein)<br>Antibody Production<br>Protein Array                                                                                                   |
| <b>Notes</b>            | Best use within three months from the date of receipt of this protein.                                                                                                                                              |
| <b>Storage</b>          | Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.                                                                                                                                            |

 45-1 Ramsey Road, Shirley, NY 11967, USA

**Storage Buffer** 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.

## GENE INFORMATION

**Gene Name** FLJ37201 tigger transposable element derived 2 pseudogene [ Homo sapiens (human) ]

**Official Symbol** FLJ37201

**Synonyms** FLJ37201; tigger transposable element derived 2 pseudogene

**Gene ID** 283011

**Quality Control Testing**

12.5% SDS-PAGE Stained with Coomassie Blue.
