

## Recombinant Human THAP8 Protein, His-tagged

Cat. No. THAP8-893H    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                            |
|------------------|--------------------------------------------------------------------------------------------|
| Product Overview | Recombinant human THAP8 protein, fused to His tag at N-terminus, was expressed in E. coli. |
| Species          | Human                                                                                      |
| Source           | E.coli                                                                                     |
| Form             | 25 mM Tris, pH 8.0, 150 mM NaCl, 10 % glycerol, 1 % Sarkosyl.                              |
| Molecular Mass   | 29.9 kDa                                                                                   |
| Purity           | > 80% as determined by SDS-PAGE and Coomassie blue staining                                |
| Concentration    | >50 ug/mL as determined by microplate BCA method                                           |

### GENE INFORMATION
