

## Recombinant Mouse Thpo Protein

**Cat. No.** Thpo-895M    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                 |
|-------------------------|-----------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant mouse Thpo protein, was expressed in CHO.           |
| <b>Species</b>          | Mouse                                                           |
| <b>Source</b>           | CHO                                                             |
| <b>Form</b>             | 1 x PBS, pH7.2                                                  |
| <b>Molecular Mass</b>   | 35.5 kDa                                                        |
| <b>Purity</b>           | >90%, as determined by Coomassie stained SDS-PAGE.              |
| <b>Concentration</b>    | Protein formulated and vialled at >50 ug/mL in specified buffer |

### GENE INFORMATION

|                        |                                       |
|------------------------|---------------------------------------|
| <b>Gene Name</b>       | thrombopoietin[ <i>Mus musculus</i> ] |
| <b>Official Symbol</b> | Thpo                                  |
| <b>Synonyms</b>        | Mgdf; Ml; Mpllg; Tpo                  |
| <b>Gene ID</b>         | 21832                                 |
| <b>mRNA Refseq</b>     | NM_009379.3                           |
