

## Recombinant H4N6 (A/Swine/Ontario/01911-1/99) HA ( $\Delta$ TM) Protein, His-tagged

Cat. No. HA-1897H    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                                                                                   |
|------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Overview | C-terminal 6xHis tagged HA( $\Delta$ TM)(H4N6) (A/Swine/Ontario/01911-1/99) protein (a.a.17-530) (Genebank No. AAG17429) was expressed in HEK293. |
| Species          | H4N6                                                                                                                                              |
| Source           | HEK293                                                                                                                                            |
| ProteinLength    | 17-530 a.a.                                                                                                                                       |
| Form             | PBS, pH 7.4.                                                                                                                                      |
| Purity           | >95%                                                                                                                                              |
| Applications     | WB standard, antibody ELISA, immunogen, etc                                                                                                       |
| Storage          | Store at -80 centigrade, Avoid freeze / thaw cycle.                                                                                               |
| Concentration    | 1mg/mL                                                                                                                                            |
