

## Recombinant H5N1 (A/chicken/Egypt/S3280D/2011) HA ( $\Delta$ TM) Protein, His-tagged

Cat. No. HA-1901H    Lot. No. (See product label)

### SPECIFICATION

|                         |                                                                                                                                                |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | C-terminal 6xHis tagged HA1(A/chicken/Egypt/S3280D/2011) (H5N1) protein (a.a. 18-344) (see amino acid sequence below) was expressed in HEK293. |
| <b>Species</b>          | H5N1                                                                                                                                           |
| <b>Source</b>           | HEK293                                                                                                                                         |
| <b>Form</b>             | PBS, pH 7.4.                                                                                                                                   |
| <b>Purity</b>           | >95%                                                                                                                                           |
| <b>Applications</b>     | WB standard, antibody ELISA, immunogen                                                                                                         |
| <b>Storage</b>          | Store at -80 centigrade, Avoid freeze / thaw cycle.                                                                                            |
| <b>Concentration</b>    | 1mg/mL                                                                                                                                         |
