

## Recombinant IBV (B/Finland/139/2010) HA1 Protein, His-tagged

Cat. No. HA1-1925I Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                       |
|------------------|---------------------------------------------------------------------------------------|
| Product Overview | C-terminal 6xHis tagged HA1(B/Finland/139/2010) (a.a.18-362) was expressed in HEK293. |
| Species          | IBV                                                                                   |
| Source           | HEK293                                                                                |
| ProteinLength    | 18-362 a.a.                                                                           |
| Form             | PBS, pH 7.4.                                                                          |
| Purity           | >95%                                                                                  |
| Applications     | WB standard, antibody ELISA, immunogen                                                |
| Storage          | Store at -80 centigrade, Avoid freeze / thaw cycle.                                   |
| Concentration    | 1mg/mL                                                                                |
