

## Recombinant H1N1 (A/New Caledonia/20/99) HA1 Protein, His-tagged

Cat. No. HA1-1946H    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                                                                      |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Product Overview | 6xHis tagged hemagglutinin (amino acid 18-345) (H1N1) (A/New Caledonia/20/99(H1N1)) (Genebank No. AAP34324) was expressed in HEK293. |
| Species          | H1N1                                                                                                                                 |
| Source           | HEK293                                                                                                                               |
| ProteinLength    | 18-345 a.a.                                                                                                                          |
| Form             | PBS, pH 7.4.                                                                                                                         |
| Purity           | >95%                                                                                                                                 |
| Applications     | WB standard, antibody ELISA, immunogen                                                                                               |
| Storage          | Store at -80 centigrade, Avoid freeze / thaw cycle.                                                                                  |
| Concentration    | 1mg/mL                                                                                                                               |
