

# Recombinant H5N1 (A/goose/Guiyang/337/2006) HA1 Protein, His-tagged

**Cat. No.** HA1-1987H    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                                                         |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | 6xHis tagged HA (A/goose/Guiyang/337/2006 (H5N1)) (Genebank No. ABJ96698) protein (a.a. 17-530) with deletion at its cleavage site (RRRKRR) was expressed in HEK293. Majority of the protein exists as trimer/oligomer. |
| <b>Species</b>          | H5N1                                                                                                                                                                                                                    |
| <b>Source</b>           | HEK293                                                                                                                                                                                                                  |
| <b>ProteinLength</b>    | 17-530 a.a.                                                                                                                                                                                                             |
| <b>Form</b>             | PBS, pH 7.4.                                                                                                                                                                                                            |
| <b>Purity</b>           | >95%                                                                                                                                                                                                                    |
| <b>Applications</b>     | WB standard, antibody ELISA, immunogen                                                                                                                                                                                  |
| <b>Storage</b>          | Store at -80 centigrade, Avoid freeze / thaw cycle.                                                                                                                                                                     |
| <b>Concentration</b>    | 1mg/mL                                                                                                                                                                                                                  |
