

## Recombinant Human MORN3 Protein, GST-tagged

**Cat. No.** MORN3-5482H    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                                                                                                                                                                                              |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human MORN3 full-length ORF (AAH57760.1, 1 a.a. - 240 a.a.) recombinant protein with GST-tag at N-terminal.                                                                                                                                                  |
| <b>Species</b>          | Human                                                                                                                                                                                                                                                        |
| <b>Source</b>           | Wheat Germ                                                                                                                                                                                                                                                   |
| <b>Description</b>      | MORN3 (MORN Repeat Containing 3) is a Protein Coding gene. An important paralog of this gene is RSPH10B2.                                                                                                                                                    |
| <b>Molecular Mass</b>   | 52.8 kDa                                                                                                                                                                                                                                                     |
| <b>AA Sequence</b>      | MPVSKCPKKSESLWKGWDRKAQRNGLRSQVYAVNGDYVGEWEDNVKHGKGTQ<br>VWKKKGAIYEGDWKFGKRDGYGTLSLPDQQTGKCRRVYSGWWKGDKKSGYGIQF<br>FGPKEYYEGDWCGSQRSWGRMYYSNGDIYEGQWENDKPNGEGLRLKNGNRY<br>EGCWERGMKNGAGRFFHLDHGQLFEGFWVDNMAKCGTMIDFGRDEAPEPTQFPI<br>PEVKILDPDGVLAELAMFRKTEEGD |
| <b>Applications</b>     | Enzyme-linked Immunoabsorbent Assay<br>Western Blot (Recombinant protein)<br>Antibody Production<br>Protein Array                                                                                                                                            |
| <b>Notes</b>            | Best use within three months from the date of receipt of this protein.                                                                                                                                                                                       |

 45-1 Ramsey Road, Shirley, NY 11967, USA

**Storage** Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.

**Storage Buffer** 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.

## GENE INFORMATION

**Gene Name** MORN3 MORN repeat containing 3 [ Homo sapiens (human) ]

**Official Symbol** MORN3

**Synonyms** MORN3; MORN repeat containing 3; MORN repeat-containing protein 3; membrane occupation and recognition nexus repeat containing protein

**Gene ID** 283385

**mRNA Refseq** NM\_173855

**Protein Refseq** NP\_776254

**UniProt ID** Q6PF18
