

## Recombinant Human MPV17L2 Protein

**Cat. No.** MPV17L2-5523H    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                                                                                                                                    |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human MPV17L2 full-length ORF (ADZ15803.1) recombinant protein without tag.                                                                                                                        |
| <b>Species</b>          | Human                                                                                                                                                                                              |
| <b>Source</b>           | Wheat Germ                                                                                                                                                                                         |
| <b>Description</b>      | MPV17L2 (MPV17 Mitochondrial Inner Membrane Protein Like 2) is a Protein Coding gene. Among its related pathways are Peroxisome. An important paralog of this gene is MPV17.                       |
| <b>Form</b>             | Liquid                                                                                                                                                                                             |
| <b>Molecular Mass</b>   | 20 kDa                                                                                                                                                                                             |
| <b>AA Sequence</b>      | MARGGWRRLRRLLSAGQLLFQGRALLVTNTLGCGALMAAGDGVRQSWEIRARPG<br>QVFDPRRSASMFAVGCSMGPFLLHYWYLSLDRLFPASGLRGFPNVLKKVLVDQLVAS<br>PLLGVWEFYKADWCVWPAAQFVNFLFVPPQFRVTYINGLTLGWDTYLSYLKYRSPV<br>PLTPPGCVALDTRAD |
| <b>Applications</b>     | Antibody Production<br>Functional Study<br>Compound Screening                                                                                                                                      |
| <b>Usage</b>            | Heating may cause protein aggregation. Please do not heat this product before electrophoresis.                                                                                                     |

|                         |                                                                                                          |
|-------------------------|----------------------------------------------------------------------------------------------------------|
| <b>Notes</b>            | Best use within three months from the date of receipt of this protein.                                   |
| <b>Storage</b>          | Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.                                 |
| <b>Storage Buffer</b>   | 25 mM Tris-HCl of pH8.0 containing 2% glycerol.                                                          |
| <b>GENE INFORMATION</b> |                                                                                                          |
| <b>Gene Name</b>        | MPV17L2 MPV17 mitochondrial membrane protein-like 2 [ Homo sapiens ]                                     |
| <b>Official Symbol</b>  | MPV17L2                                                                                                  |
| <b>Synonyms</b>         | MPV17L2; MPV17 mitochondrial membrane protein-like 2; mpv17-like protein 2; FKSG24; MGC12972; MGC110861; |
| <b>Gene ID</b>          | 84769                                                                                                    |
| <b>mRNA Refseq</b>      | NM_032683                                                                                                |
| <b>Protein Refseq</b>   | NP_116072                                                                                                |
| <b>UniProt ID</b>       | Q567V2                                                                                                   |
