

## Recombinant Rabbit IL13 Protein

**Cat. No.** IL13-4350R    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                                                                         |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant Rabbit IL13 Protein (112aa) was expressed in yeast.                                                                         |
| <b>Species</b>          | Rabbit                                                                                                                                  |
| <b>Source</b>           | Yeast                                                                                                                                   |
| <b>ProteinLength</b>    | 112aa                                                                                                                                   |
| <b>Form</b>             | Lyophilized                                                                                                                             |
| <b>Molecular Mass</b>   | 12.5 kDa                                                                                                                                |
| <b>AA sequence</b>      | GPVPPPTSLK ELIEELVNIT HNQKAPLCNG TMVWSVNLTG SVYCAALES<br>LVNVSGCNAIQ RTQRMLSGLC TDKAVAKQVT SVQARDTKIE LLQFLKELRR<br>HLQMLYRLGK FR (112) |
| <b>Purity</b>           | >95% as visualized by SDS-PAGE analysis.                                                                                                |
| <b>Applications</b>     | This endotoxin-free recombinant protein can be used in cell culture, ELISA Standard, and as a Western Blot Control.                     |
| <b>Storage</b>          | Store at -20 centigrade.                                                                                                                |
