

# Recombinant Human GRHL2 Protein, MYC/DDK-tagged

**Cat. No.** GRHL2-5327H    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                               |
|-------------------------|---------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant protein of human grainyhead-like 2 (Drosophila) was expressed in HEK293 cells with C-MYC/DDK tag. |
| <b>Species</b>          | Human                                                                                                         |
| <b>Source</b>           | HEK293                                                                                                        |
| <b>Form</b>             | Liquid                                                                                                        |
| <b>Molecular Mass</b>   | 70.9 kDa                                                                                                      |
| <b>Purity</b>           | > 80% as determined by SDS-PAGE and Coomassie blue staining                                                   |
| <b>Concentration</b>    | >50 ug/mL as determined by microplate BCA method                                                              |
| <b>Storage Buffer</b>   | 25 mM Tris.HCl, pH 7.3, 100 mM glycine, 10% glycerol.                                                         |

## GENE INFORMATION

|                        |                                                                                                                                                                    |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | GRHL2 grainyhead-like 2 (Drosophila) [ Homo sapiens ]                                                                                                              |
| <b>Official Symbol</b> | GRHL2                                                                                                                                                              |
| <b>Synonyms</b>        | GRHL2; grainyhead-like 2 (Drosophila); deafness, autosomal dominant 28 , DFNA28, TFCP2L3, transcription factor CP2 like 3; grainyhead-like protein 2 homolog; BOM; |
