

# Recombinant *Pseudomonas aeruginosa* OmpF Protein, His-tagged

**Cat. No.** OmpF-4839P    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                                                                                                                                                                                                                  |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant <i>Pseudomonas aeruginosa</i> OmpF Protein (25-350) is produced by <i>E. coli</i> expression system. This protein is fused with a His tag at the N-terminal.                                                                                                                                                                                                         |
| <b>Species</b>          | <i>Pseudomonas aeruginosa</i>                                                                                                                                                                                                                                                                                                                                                    |
