

# Recombinant Human GIPC1 Protein, MYC/DDK-tagged

**Cat. No.** GIPC1-004H    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                     |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant protein of human GIPC PDZ domain containing family, member 1 (GIPC1), transcript variant 3 with C-MYC/DDK tag was expressed in HEK293T. |
| <b>Species</b>          | Human                                                                                                                                               |
| <b>Source</b>           | HEK293                                                                                                                                              |
| <b>Molecular Mass</b>   | 35.9 kDa                                                                                                                                            |
| <b>Purity</b>           | > 80% as determined by SDS-PAGE and Coomassie blue staining                                                                                         |
| <b>Concentration</b>    | >50 µg/mL as determined by microplate BCA method                                                                                                    |
| <b>Storage Buffer</b>   | 25 mM Tris.HCl, pH 7.3, 100 mM glycine, 10% glycerol                                                                                                |

## GENE INFORMATION

|                        |                                                                                                                                                                                                                                                                                                                      |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | GIPC1 GIPC PDZ domain containing family member 1 [ Homo sapiens (human) ]                                                                                                                                                                                                                                            |
| <b>Official Symbol</b> | GIPC1                                                                                                                                                                                                                                                                                                                |
