

## Recombinant Human FAM136BP Protein, Myc/DDK-tagged, C13 and N15-labeled

**Cat. No.** FAM136BP-6069H    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                                                                                                                   |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | FAM136B MS Standard C13 and N15-labeled recombinant protein (NP_001013001) with a C-terminal MYC/DDK tag, was expressed in HEK293 cells.                                          |
| <b>Species</b>          | Human                                                                                                                                                                             |
| <b>Source</b>           | HEK293                                                                                                                                                                            |
| <b>Description</b>      | FAM136BP (Family With Sequence Similarity 136 Member B, Pseudogene) is a Pseudogene.                                                                                              |
| <b>Molecular Mass</b>   | 15.4 kDa                                                                                                                                                                          |
| <b>AA Sequence</b>      | MVELQQLRVQEVVDSMVKSLERENIWKTQGLMFWCSASCCEDSQAFTQQVHQCIE<br>CCPVPLAQVQALVTSELEKFQDHLARCTMHCNDKAKDSIDAGSKELQVKQQLDGCV<br>TKCVDDHIHLISTMTKKMKEAVLSIGKTRTRPLEQKLISEEDLAANDILDYKDDDDKV |
| <b>Purity</b>           | > 80% as determined by SDS-PAGE and Coomassie blue staining                                                                                                                       |
| <b>Stability</b>        | Stable for 3 months from receipt of products under proper storage and handling conditions.                                                                                        |
| <b>Storage</b>          | Store at -80 centigrade. Avoid repeated freeze-thaw cycles.                                                                                                                       |
| <b>Concentration</b>    | 50 µg/mL as determined by BCA                                                                                                                                                     |

**Storage Buffer** 100 mM glycine, 25 mM Tris-HCl, pH 7.3.

## GENE INFORMATION

**Gene Name** FAM136BP family with sequence similarity 136 member B, pseudogene [ Homo sapiens (human) ]

**Official Symbol** FAM136BP

**Synonyms** FAM136BP; family with sequence similarity 136 member B, pseudogene; C6orf87; FAM136B; dJ40E16.3;

**Gene ID** 387071

**mRNA Refseq** NM\_001012983

**Protein Refseq** NP\_001013001
