

# Recombinant Monkey FGFR4 Protein, Fc-tagged, Alexa Fluor 488 conjugated

**Cat. No.** FGFR4-8839RAF488    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                           |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Alexa Fluor 488 conjugated recombinant monkey FGFR4 protein was expressed with a Fc tag.                                                  |
| <b>Species</b>          | Monkey                                                                                                                                    |
| <b>Characteristic</b>   | Disulfide-linked homodimer<br>Labeled with Alexa Fluor 488 via amines<br>Excitation Wavelength: 488 nm<br>Emission Wavelength: 515-545 nm |
| <b>Conjugation</b>      | Alexa Fluor 488                                                                                                                           |

## GENE INFORMATION

|                        |                                                                                              |
|------------------------|----------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | FGFR4 fibroblast growth factor receptor 4 [ Macaca mulatta (Rhesus monkey) ]                 |
| <b>Official Symbol</b> | FGFR4                                                                                        |
| <b>Synonyms</b>        | FGFR4; fibroblast growth factor receptor 4; fibroblast growth factor receptor 4; EC 2.7.10.1 |
| <b>Gene ID</b>         | 698494                                                                                       |
