

# Recombinant Human TNFRSF17 Protein, Fc-tagged, Alexa Fluor 647 conjugated

**Cat. No.** TNFRSF17-237HAF647    **Lot. No.** (See product label)

## SPECIFICATION

|                                     |                                                                                                                                                    |
|-------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b>             | Alexa Fluor 647 conjugated recombinant human TNFRSF17 (NP_001183.2) (Met1-Ala54) was expressed with the Fc region of rabbit IgG at the N-terminus. |
| <b>Species</b>                      | Human                                                                                                                                              |
| <b>Source</b>                       | HEK293                                                                                                                                             |
| <b>ProteinLength</b>                | 303                                                                                                                                                |
| <b>Form</b>                         | Lyophilized                                                                                                                                        |
| <b>Molecular Mass</b>               | 33.3 kDa                                                                                                                                           |
| <b>N-terminal Sequence Analysis</b> | Ser                                                                                                                                                |
| <b>Endotoxin</b>                    | < 1.0 EU/ µg of the protein as determined by the LAL method.                                                                                       |
| <b>Purity</b>                       | > 95 % as determined by SDS-PAGE                                                                                                                   |
| <b>Characteristic</b>               | Disulfide-linked homodimer<br>Labeled with Alexa Fluor 647 via amines<br>Excitation = 650 nm<br>Emission = 668 nm                                  |

|                       |                                                                                                                                                                                         |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Stability</b>      | Samples are stable for up to 12 months from date of receipt at -70 centigrade.                                                                                                          |
| <b>Storage</b>        | Store it under sterile conditions at -20 to -70 centigrade. It is recommended that the protein be aliquoted for optimal storage. Avoid repeated freeze-thaw cycles.                     |
| <b>Storage Buffer</b> | Lyophilized from sterile PBS, pH 7.4, 5%-8% trehalose and mannitol.                                                                                                                     |
| <b>Reconstitution</b> | It is recommended that sterile water be added to the vial to prepare a stock solution of 0.25 µg/µL. Centrifuge the vial at 4 centigrade before opening to recover the entire contents. |
| <b>Conjugation</b>    | Alexa Fluor 647                                                                                                                                                                         |

## GENE INFORMATION

|                        |                                                                                                                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | TNFRSF17 tumor necrosis factor receptor superfamily, member 17 [ Homo sapiens ]                                                                                                                                          |
| <b>Official Symbol</b> | TNFRSF17                                                                                                                                                                                                                 |
