

## Recombinant Monkeypox Virus VACV\_VK08\_RKI-048 Protein, NFkB inhibitor

**Cat. No.** MPXV-0900    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                                                                  |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant Monkeypox Virus VACV_VK08_RKI-048 Protein, NFkB inhibitor full length or partial length was expressed.               |
| <b>Species</b>          | VACV                                                                                                                             |
| <b>Source</b>           | Mammalian Cells                                                                                                                  |
| <b>ProteinLength</b>    | 220                                                                                                                              |
| <b>Description</b>      | temporal expression: early                                                                                                       |
| <b>Form</b>             | Liquid or lyophilized powder                                                                                                     |
| <b>Endotoxin</b>        | < 1.0 EU per µg of the protein as determined by the LAL method.                                                                  |
| <b>Purity</b>           | >80%                                                                                                                             |
| <b>Notes</b>            | This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications. |
| <b>Storage</b>          | Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.                                              |
| <b>Storage Buffer</b>   | PBS buffer                                                                                                                       |

**Protein Names** NFKB inhibitor (Putative M2L) (VACV029)

**Complete Genome** [NC\\_006998.1](#)

## GENE INFORMATION

**Gene Name** VACV\_VK08\_RKI-048 M2L VACV\_VK01\_RKI-055 44/47.1\_rMVA\_023  
VAC\_DPP11\_042 VAC\_DPP13\_042 VAC\_IHDW1\_033 VACV\_029  
VACV\_IOC\_B141\_053

**Official Symbol** M2L

**Gene ID** [3707646](#)

**mRNA Refseq** [NC\\_006998.1](#)

**Protein Refseq** [YP\\_232913.1](#)

**UniProt ID** [Q1PJ18](#)
