

## Recombinant Full Length Human PARK7, Flag-tagged

Cat. No. PARK7-7991HFL    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                                                             |
|------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Product Overview | Recombinant Full Length Human PARK7, fused with C-terminal Flag tag, was expressed in mammalian cells.                      |
| Species          | Human                                                                                                                       |
| Source           | Mammalian Cells                                                                                                             |
| Form             | Liquid                                                                                                                      |
| Molecular Mass   | 19.7 kDa                                                                                                                    |
| Purity           | > 80% as determined by SDS-PAGE and Coomassie blue staining                                                                 |
| Storage          | 100 mM glycine, 25 mM Tris-HCl, pH 7.3.                                                                                     |
| Concentration    | > 50 ug/ml as determined by BCA                                                                                             |
| Shipping         | The product is shipped with dry ice or equivalent. Upon receipt, store it immediately at the temperature recommended below. |
| Full Length      | Full L.                                                                                                                     |

### GENE INFORMATION

|           |                                                    |
|-----------|----------------------------------------------------|
| Gene Name | PARK7 parkinson protein 7 [ Homo sapiens (human) ] |
