

# Recombinant Full Length Didelphis Marsupialis Virginiana 5-Hydroxytryptamine Receptor 1B(Htr1B) Protein, His-Tagged

**Cat. No.** RFL19861DF    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant Full Length Didelphis marsupialis virginiana 5-hydroxytryptamine receptor 1B(HTR1B) Protein (P35404) (1-388aa), fused to N-terminal His tag, was expressed in E. coli.                                                                                                                                                                                                                                                  |
| <b>Species</b>          | Didelphis virginiana (North American opossum) (Didelphis marsupialis virginiana)                                                                                                                                                                                                                                                                                                                                                    |
| <b>Source</b>           | E.coli                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>ProteinLength</b>    | Full Length (1-388)                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Form</b>             | Lyophilized powder                                                                                                                                                                                                                                                                                                                                                                                                                  |

|                       |                                                                                                                                                                                                                                                                                                                                                                                                             |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Notes</b>          | Repeated freezing and thawing is not recommended. Store working aliquots at 4°C for up to one week.                                                                                                                                                                                                                                                                                                         |
| <b>Storage</b>        | Store at -20°C/-80°C upon receipt, aliquoting is necessary for mutiple use. Avoid repeated freeze-thaw cycles.                                                                                                                                                                                                                                                                                              |
| <b>Storage Buffer</b> | Tris/PBS-based buffer, 6% Trehalose, pH 8.0                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Reconstitution</b> | We recommend that this vial be briefly centrifuged prior to opening to bring the contents to the bottom. Please reconstitute protein in deionized sterile water to a concentration of 0.1-1.0 mg/mL. We recommend to add 5-50% of glycerol (final concentration) and aliquot for long-term storage at -20°C/-80°C. Our default final concentration of glycerol is 50%. Customers could use it as reference. |

## GENE INFORMATION

|                   |                                                                                |
|-------------------|--------------------------------------------------------------------------------|
| <b>Gene Name</b>  | HTR1B                                                                          |
| <b>Synonyms</b>   | HTR1B; 5-hydroxytryptamine receptor 1B; 5-HT-1B; 5-HT1B; Serotonin receptor 1B |
| <b>UniProt ID</b> | <a href="#">P35404</a>                                                         |
