

# Recombinant Full Length Human Tetraspanin-13(Tspan13) Protein, His-Tagged

**Cat. No.** RFL19588HF    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                                                |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant Full Length Human Tetraspanin-13(TSPAN13) Protein (O95857) (1-204aa), fused to N-terminal His tag, was expressed in E. coli.                                                                       |
| <b>Species</b>          | Human                                                                                                                                                                                                          |
| <b>Source</b>           | E.coli                                                                                                                                                                                                         |
| <b>ProteinLength</b>    | Full Length (1-204)                                                                                                                                                                                            |
| <b>Form</b>             | Lyophilized powder                                                                                                                                                                                             |
| <b>AA Sequence</b>      | MVCGGFACSKNCLCALNLLYTLVSLLLIGIAAWGIGFGLISSLRVVGVIIVGIFLFLIALVGLIGAVKHHQVLLFFYMIILLLVFIVQFSVSCACLALNQEQQGQLLEVGNNTASARN DIQRNLNCCGFRSVNPNDTCLASCVKSDHSCSPCAPIIGEYAGEVLR FVGGIGLFFSFTE ILGVWLT YRYRNQKDPRANPSAFL |
| <b>Purity</b>           | Greater than 90% as determined by SDS-PAGE.                                                                                                                                                                    |
| <b>Applications</b>     | SDS-PAGE                                                                                                                                                                                                       |
| <b>Notes</b>            | Repeated freezing and thawing is not recommended. Store working aliquots at 4°C for up to one week.                                                                                                            |
| <b>Storage</b>          | Store at -20°C/-80°C upon receipt, aliquoting is necessary for mutiple use. Avoid                                                                                                                              |

repeated freeze-thaw cycles.

**Storage Buffer** Tris/PBS-based buffer, 6% Trehalose, pH 8.0

**Reconstitution** We recommend that this vial be briefly centrifuged prior to opening to bring the contents to the bottom. Please reconstitute protein in deionized sterile water to a concentration of 0.1-1.0 mg/mL. We recommend to add 5-50% of glycerol (final concentration) and aliquot for long-term storage at -20°C/-80°C. Our default final concentration of glycerol is 50%. Customers could use it as reference.

## GENE INFORMATION

**Gene Name** TSPAN13

**Synonyms** TSPAN13; NET6; TM4SF13; UNQ260/PRO296; Tetraspanin-13; Tspan-13; Tetraspan NET-6; Transmembrane 4 superfamily member 13

**UniProt ID** [O95857](https://www.uniprot.org/entry/O95857)
