

# Recombinant Full Length Rhodobacter Capsulatus Electron Transport Complex Protein RnfA(RnfA) Protein, His-Tagged

**Cat. No.** RFL16915RF    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                                                 |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant Full Length Rhodobacter capsulatus Electron transport complex protein RnfA(rnfA) Protein (P0CZ13) (1-193aa), fused to N-terminal His tag, was expressed in E. coli.                                 |
| <b>Species</b>          | Rhodobacter capsulatus                                                                                                                                                                                          |
| <b>Source</b>           | E.coli                                                                                                                                                                                                          |
| <b>ProteinLength</b>    | Full Length (1-193)                                                                                                                                                                                             |
| <b>Form</b>             | Lyophilized powder                                                                                                                                                                                              |

|                         |                                                                                                                                                                                                                                                                                                                                                                                                             |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Storage</b>          | Store at -20°C/-80°C upon receipt, aliquoting is necessary for mutiple use. Avoid repeated freeze-thaw cycles.                                                                                                                                                                                                                                                                                              |
| <b>Storage Buffer</b>   | Tris/PBS-based buffer, 6% Trehalose, pH 8.0                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Reconstitution</b>   | We recommend that this vial be briefly centrifuged prior to opening to bring the contents to the bottom. Please reconstitute protein in deionized sterile water to a concentration of 0.1-1.0 mg/mL. We recommend to add 5-50% of glycerol (final concentration) and aliquot for long-term storage at -20°C/-80°C. Our default final concentration of glycerol is 50%. Customers could use it as reference. |
| <b>GENE INFORMATION</b> |                                                                                                                                                                                                                                                                                                                                                                                                             |
