

# Recombinant Full Length Human CLLU1OS Protein, GST-tagged

**Cat. No.** CLLU1OS-1877HF    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                        |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human CLLU1OS full-length ORF ( AAI53087.1, 1 a.a. - 101 a.a.) recombinant protein with GST-tag at N-terminal.                                                         |
| <b>Species</b>          | Human                                                                                                                                                                  |
| <b>Source</b>           | In Vitro Cell Free System                                                                                                                                              |
| <b>ProteinLength</b>    | 101 amino acids                                                                                                                                                        |
| <b>Description</b>      | CLLU1OS (Chronic Lymphocytic Leukemia Up-Regulated 1 Opposite Strand) is a Protein Coding gene. Diseases associated with CLLU1OS include Chronic Lymphocytic Leukemia. |
| <b>Molecular Mass</b>   | 38.06 kDa                                                                                                                                                              |
| <b>AA Sequence</b>      | MNKLGHNELKECLKTATDSLQTVQPSISQTCTSYGPALGAPLPGRNEVALLTSLPPN<br>YEISEGKPRAISAYVRAGKGNVTRRRKKTHLGNDGKKEAQEKM                                                               |
| <b>Applications</b>     | Enzyme-linked Immunoabsorbent Assay<br>Western Blot (Recombinant protein)<br>Antibody Production<br>Protein Array                                                      |
| <b>Notes</b>            | Best use within three months from the date of receipt of this protein.                                                                                                 |

**Storage** Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.

**Storage Buffer** 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.

## GENE INFORMATION

**Gene Name** CLLU1OS chronic lymphocytic leukemia up-regulated 1 opposite strand [ Homo sapiens (human) ]

**Official Symbol** CLLU1OS

**Synonyms** CLLU1OS; chronic lymphocytic leukemia up-regulated 1 opposite strand; Chronic Lymphocytic Leukemia Up-Regulated 1 Opposite Strand; Chronic Lymphocytic Leukemia Up-Regulated 1 Overlapping Strand; putative chronic lymphocytic leukemia up-regulated protein 1 opposite strand transcript protein

**Gene ID** 574016

**mRNA Refseq** NM\_001025232

**Protein Refseq** NP\_001020403

**MIM** 616989

**UniProt ID** Q5K130
