

# Recombinant Full Length Human CSAG3 Protein, GST-tagged

**Cat. No.** CSAG3-2149HF    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                           |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human CSAG3 full-length ORF ( AAI60156.1, 1 a.a. - 48 a.a.) recombinant protein with GST-tag at N-terminal.                                               |
| <b>Species</b>          | Human                                                                                                                                                     |
| <b>Source</b>           | In Vitro Cell Free System                                                                                                                                 |
| <b>ProteinLength</b>    | 48 amino acids                                                                                                                                            |
| <b>Description</b>      | CSAG3 (CSAG Family Member 3) is a Protein Coding gene. Diseases associated with CSAG3 include Chondrosarcoma. An important paralog of this gene is CSAG2. |
| <b>Molecular Mass</b>   | 5.3 kDa                                                                                                                                                   |
| <b>AA Sequence</b>      | MSRKPRASSPLSNNHPPTPKRRGSGRFPRQPGREKGPIKEVPGTKGSP                                                                                                          |
| <b>Applications</b>     | Enzyme-linked Immunoabsorbent Assay<br>Western Blot (Recombinant protein)<br>Antibody Production<br>Protein Array                                         |
| <b>Notes</b>            | Best use within three months from the date of receipt of this protein.                                                                                    |
| <b>Storage</b>          | Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.                                                                                  |

 45-1 Ramsey Road, Shirley, NY 11967, USA

**Storage Buffer** 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.

## GENE INFORMATION

**Gene Name** CSAG3 CSAG family member 3 [ Homo sapiens (human) ]

**Official Symbol** CSAG3

**Synonyms** CSAG3; CSAG family member 3; CSAG Family Member 3; Taxol-Resistant-Associated Gene 3 Protein; Cancer/Testis Antigen 24.2; CSAG Family, Member 3A; CT24.2; CSAG3A; Chondrosarcoma-Associated Gene 2/3 Protein; Taxol Resistance Associated Gene 3; CSAG Family, Member 3; CSAG2 CSAG3; TRAG-3; TRAG3; chondrosarcoma-associated gene 2/3 protein; CSAG family, member 3A; cancer/testis antigen 24.2; taxol resistance associated gene 3; taxol-resistant-associated gene 3 protein

**Gene ID** 389903

**mRNA Refseq** NM\_001129826

**Protein Refseq** NP\_001123298

**UniProt ID** Q9Y5P2
