

# Recombinant Full Length Human CFAP206 Protein, GST-tagged

**Cat. No.** CFAP206-2694HF    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

| <b>Description</b>      | CFAP206 (Cilia And Flagella Associated Protein 206) is a Protein Coding gene. An important paralog of this gene is ENSG00000213204.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| <b>Molecular Mass</b>   | 97.6 kDa                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

SMREDSTGVPRPQIYLAGLRGGKSEITDEVKVNLTRDVDET

**Applications**

Enzyme-linked Immunoabsorbent Assay  
Western Blot (Recombinant protein)  
Antibody Production  
Protein Array

**Notes**

Best use within three months from the date of receipt of this protein.

**Storage**

Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.

**Storage Buffer**

50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.

## GENE INFORMATION

**Gene Name**

CFAP206 cilia and flagella associated protein 206 [ Homo sapiens (human) ]

**Official Symbol**

CFAP206

**Synonyms**

CFAP206; cilia and flagella associated protein 206; dJ382110.1; C6orf165

**Gene ID**

154313

**mRNA Refseq**

NM\_001031743

**Protein Refseq**

NP\_001026913

**UniProt ID**

Q8IYR0
