

# Recombinant Full Length Human CCDC89 Protein, GST-tagged

**Cat. No.** CCDC89-2905HF    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                                                                                                                                                                                                                                               |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human CCDC89 full-length ORF (NP_689936.1, 1 a.a. - 374 a.a.) recombinant protein with GST-tag at N-terminal.                                                                                                                                                                                                                                                                                                 |

**Storage** Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.

**Storage Buffer** 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.

## GENE INFORMATION

**Gene Name** [CCDC89 coiled-coil domain containing 89 \[ Homo sapiens \]](#)

**Official Symbol** [CCDC89](#)

**Synonyms** CCDC89 coiled-coil domain containing 89; Coiled-Coil Domain Containing 89; Bc8 Orange-Interacting Protein; BOIP;

**Gene ID** [220388](#)

**mRNA Refseq** [NM\\_152723](#)

**Protein Refseq** [NP\\_689936](#)

**UniProt ID** [Q8N998](#)
